SIR:

In response to the Decision dated June 25, 2007, regarding the Petition to Reset Time Period filed on April 24, 2006 and Petition to Withdrawn the Holding of Abandonment filed on May 31, 2007, Applicant respectfully submits the required evidence and requests grant of the instant petition.

On February 17, 2005, the United States Designated/Elected Office mailed a Notification of Missing Requirements under 35 U.S.C. 371 and Applicant was given two months to respond. However, the Applicant's representatives at that time, Hogan & Hartson assert that they never received that Notification.

On April 24, 2006, Hogan & Hartson filed a Petition to Reset Time.

On May 8, 2006, a Notification of Abandonment was mailed from PTO.

On May 31, 2007, a Petition to Withdrawn the Holding of Abandonment was filed by Hogan & Hartson.

On June 4, 2007, a Power of Attorney and change of correspondence address was filed to change Applicant's representative from Hogan & Hartson to Oblon, Spivak, McClelland, Maier, and Neustadt.

On June 25, 2007, the PTO issued a decision denying both Petitions filed previously for the reason of not providing "a copy of the docket record where the nonreceived Office communication would have been entered had it been received and docketed."

In response to the Decision of June 25, 2007, Applicant submits (i) a copy of the docket of Hogan & Hartson for the date of April 17, 2005 (which is two months from the mailing date of the Notification of February 17, 2005), that indicates that no response to the Notification of Missing Requirements was docketed as due, and (ii) a supplemental declaration of the attorney in charge, Mr. Troy Schmelzer from Hogan & Hartson, explaining the missing entry in the enclosed copy of the docket.

In addition, Applicant notes that all the documents filed April 24, 2006 and May 31, 2007 are available in PAIR and thus, a copy of these documents is not included with this petition.

Thus, Applicant respectfully requests that this petition be granted as the only missing evidence noted by the Decision is enclosed herewith.

A favorable and early decision on this petition is respectfully requested.

Respectfully submitted,

OBLON, SPIVAK, McCLELLAND,
MAIER & NEUSTADT, P.C.

**SUPPLEMENTAL DECLARATION
OF TROY M. SCHMELZER**

Mail Stop PCT
Commissioner for Patents
Office of PCT Legal Administration
P. O. Box 1450
Alexandria, VA 22313-1450

I, TROY M. SCHMELZER, in supplement to my declaration dated April 19, 2006 in this matter, declare as follows:

1. I am a registered patent attorney and a partner in the law firm of Hogan & Hartson LLP, which was responsible for prosecuting this patent application from September 10, 2004 to June 4, 2007.

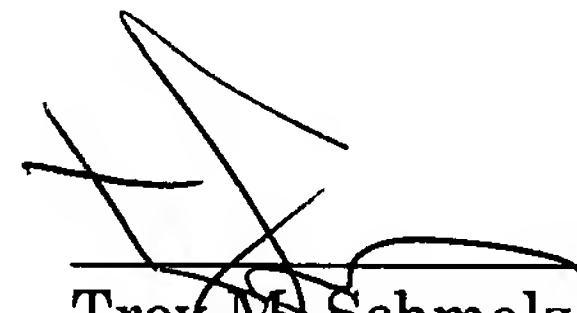

2. On Fridays, computer-generated docket records are printed and distributed to attorneys having responsibility for applications with response deadlines falling not only on that Friday, but also falling on Saturday and Sunday of the subsequent weekend. Thus, any application having a response deadline falling on a Friday, Saturday or Sunday will be included in a computer-generated docket record covering the period of Friday-Sunday.

3. A response to the Notification of Missing Requirements mailed on February 17, 2005 in this application would have been due on Sunday, April 17, 2005.

4. Copies of our computer-generated docket records that were printed and distributed to attorneys for all applications having response deadlines during the period of April 15-17, 2005 are attached. These records do not include any listing of U.S. application 10/507,475, or any indication that a response was due to the subject Notification of Missing Requirements in that application.

5. I further declare that all statements made herein of my own knowledge are true and that all statements made on information and belief are believed to be true; and further that these statements were made with the knowledge that willful false statements and the like so made are punishable by fine or imprisonment, or both, under Section 1001 of Title 18 of the United States Code, and that such willful false statements may jeopardize the validity of the application or any patent issuing thereon.
